
problem :relation between questions

Posted by habib - 2008/07/23 07:54

Hello,
thanks for your attention,
my problem "in show" solved, but I have another question :
my costumer need relation between question in Quiz for example :
we have 10 question,
first question 1 shown to user if user choose answer 1 next question is number 2,
if user choose answer 2 next question is number 3,
if user choose answer 3 next question is number 4,
i want to know we can take this type of Quiz or not,
if you dont undrestand , I can make more real example for you...

Currently there is no such functionality in ARI Quiz. If you would like it you can order custom development and we will estimate how long it will take to implement this for you. If this suits you we can start custom development only in 2 weeks since all our resources are currently loaded with new components stuff.

hi,
how along time make it ?
and how much is that price ?
i need it be like :
<http://www.tebyan.net/index.aspx?pid=58875>
<http://www.tebyan.net/index.aspx?pid=32837>
<http://www.tebyan.net/index.aspx?pid=12323>
&
all test : <http://www.tebyan.net/index.aspx?pid=264>

Sorry, could you please provide example links for sites in English or German? It is difficult to understand the content of the links you sent us.

Regards,
ARI Soft

hello,
i need to your help,
could you plz provide score script for every answers of a question & as result at the end of the test we shown the result by answers questions & it is important that every answers question have relation with before and next answer of a question .
plz tell me how much is that price?

Unfortunately we don't have enough resources to implement question relations now since we are currently busy in ARI Quiz 2.0 support and other new components.

About score for the answers - it depends. If you need the score for single questions this will take us 3 work units to implement this: <http://ari-soft.com/Custom-Development/Support/Work-Unit/Detailed-product-flyer.html>

If you need this functionality for other types of questions please write us a letter with your requirements and we will discuss this.

Regards,
ARI Soft
