
In Quiz Results not showing all hotspot image?

Posted by rpellegrini - 2010/11/04 19:03

Hi

Only in the Quiz Results is not showing all hotspot image?

What can i do??

Hello,

What version of the extension you use? Could you provide link where we can see this issue? If it is private you can provide it by email.

Regards,
ARI Soft

it's the same

Only in the Quiz Results it's not showing all hotspot image.

What's the Problem?
