
Scrolling bars

Posted by Claude_Troncy - 2010/11/07 15:16

Bonjour,

When showing the answer is there a way to avoid the scroll bars in the iframe.
I would like to scroll in the body not in the frame.

Merci

Best regards
Claude

Hello,

What scroll bars you mean? Do you use "ARI Quiz in Content" plugin? If yes, could you provide temporary access to your Joomla! backend by email and link to page where we can see the problem that we can investigate this problem?

Regards,
ARI Soft
