can\'t edit languages

Posted by azz13 - 2010/12/06 20:44

_____

I can edit language but can't save. Buttons dont work.
Languages fronted work fine.

_____

Hello,

Could you check javascript error log, maybe it contains some error(s) which helps to find reason of the problem. If you use FireFox browser, click "Ctrl+Shift+J" that open error log. If it doesn't contain any error, could you provide temporary access to your Joomla! backend by email that we can investigate this problem?

Regards,
ARI Soft

_____

Thanks

Problem solved
there is problem with my user's editor. I changed to default Joomla editor and all work good.
