## export to word, excel, csv

Posted by azz13 - 2010/12/08 16:54

---

Hello!

Can i change template for export to excel, word...

1. I want change export fields for diferent quizzes
2. I want translate it in Latvian language.

I can use text template to work with individual records, but i need export to excel, csv ... all users quiz results

Hello,

Sorry, but the component doesn't provide this ability, it requires custom development. You can submit feature request [here](#) and we'll improve export functionality in a future release.

Regards,  
ARI Soft
