
Module title
Posted by dtws2008 - 2013/01/09 09:54

Hello,
I need to make the module title bold blue. How to do that?

Hello,

Add the following CSS rule to "CSS Styles" parameter in module settings:

```
DIV.aripage-title
{
  font-weight: bold;
  color: blue;
}
```

Regards,
ARI Soft
