
Slider not showing content

Posted by kade119 - 2011/04/27 05:06

So i added {\$title} and {\$fulltext}

the title is showing up but the text/images are not.. all plugins are enabled and module is displaying within an article and is working even turns to the next slide but does not show content.

any ideas?

Hello,

Where we can see the problem?

Try to use {\$introtex} predefined variable instead of {\$fulltext}.
