No hyperlink in advanced theme

Posted by danielfela - 2011/05/31 04:58
_____

Hi, When I use the advanced theme, it removes the hyperlink that I have in my images...

Please help with that, because I need use that theme....

Thanks

_____

Hello,

Could you provide link to page where we can see the problem and temporary access to your Joomla! backend by email that we can investigate the issue?

Regards,
ARI Soft

Try to add the next CSS rules:

body #easyslider_254,
body #easyslider_254 ul.es-items-container
{
 z-index: 2;
}

Regards,
ARI Soft

Great, it works now. :)
Thx for the support.
Best
Didier
