## Disable Search

Posted by cvalcea - 2011/05/03 18:36

---

Hello,

I would like to disable the items present on the header namely :

1. The show entries item
2. The search item.

Is there a possibility to disable (make them invisible).

Regards

=====

Hello,

Sorry for delay. Set "ARI Data Table -> Paging list" and "ARI Data Table -> Filter" parameters to "No".

Regards,  
ARI Soft
