
Tabel in article always show part of html

Posted by ngarasan - 2011/07/18 12:30

Hi, need your help.

I put a table in article. I use this code:

```
{aridatatables moduleId="96"}{/aridatatables}
```

Everything goes fine except:

It always show part of html tag. Such as: "

Yes, part html tag plus doublequote!
It's really annoying..

Please help..

regards
