Sub-headers?

Posted by dinosrules - 2011/09/02 08:06

_____

Hello,

Firs of all I would like to thank you for the wonderful extension.

I was wondering if it is possible to have multiple headers in one table. I load my data from CSV.

Example:

Main header - Main list
Subheader 1
Item 1
Item 2
Item 3

Subheader 2
Item 1
Item 2
Item 3

I have a list of exhibitors that will be categorized by the subheader name. I also mention that the Items in the list will be duplicates because on exhibitor can be in multiple categories in the same time.

Can you help me?
Thanks in advance!

_____

Hello,

Sorry, but the extension doesn't support described ability.

Regards,
ARI Soft
