
double header and footer

Posted by chanpeter88 - 2011/10/12 08:14

a MOD is created and the datatable is displayed in an article via plugin but the both footer and header are doubled.

Hello,

Provide a link to a page where we can see the problem and screenshot(s) of module settings page.

Regards,
ARI Soft

pls read this demo page.
<http://www.hk3q3.com/joomla/>

i have only made changes to the following:

sql
select id, name, username, usertype, registerDate, lastvisitDate from jos_users

all other settings are default after installation
