Problems with capitalization in Heading
Posted by rramholz - 2011/10/21 10:56

_____

Hello,

In case of capitalization in Heading, Ari Data Tables will not show the data from css file.

Example:

If you enter "Plz" in field/title it works
If you enter "PLZ" in field/title it not works

Regards,
RR

_____

Hello,

Probably do you mean a CSV file? Could you provide your CSV file by email?

Regards,
ARI Soft
