
Howto ARI Tiny Table

Posted by ingwel - 2011/11/01 18:52

Hello,

I bought the table date pack.

How can I create a tiny table with filters and sortable? Could U help me?

Sorry, but I didn't found anything about it.

Thanx

Ingo

Hello,

Sorry, but "ARI Tiny Table" widget doesn't support filter. It is possible to use it with "ARI Data Table" and "ARI Table Sorter" widget.

Regards,
