
Translation

Posted by roccopin - 2012/02/03 10:27

Hello,

I'd like to translate table's header and footer ('Showing 1 to 10 of 12 entries' and 'Show # entries'). Where could I find the correct file?

Thanks,
Rocco <http://www.ari-soft.com/images/fbfiles/images/show.PNG>

Hello,

If you mean "ARI Data Table" widget, see parameters in "Choose table type -> ARI Data Table" parameters section:

Ok, thanks! It works.
I thought I had to translate language files.

Regards,
Rocco
