
Changing default message

Posted by hugomc - 2012/06/09 15:24

Hi,

Just wondering how I can change the message that appears when no data is located after a query. IT currently is:

"No data available"

Can I change this to something more meaningful for my users?

Thanks

Hello,

See /modules/mod_aridatatables/tmpl/genhtmltable.php file.

Regards,
ARI Soft
