Choose DB Type is changing back to Joomla database
Posted by fertrob - 2012/07/06 08:37

_____

I'm using Ari tables 1.9.2 on Joomla 2.5.6 and the problem a'm facing is that i can make a module and mutate the Sql to an external database etc... . But when i hit the save and close button and i return to the module then the "Choose DB Type" had changed to -Joomla database and my SQL Query is blank.

Can you help me.

_____

Hello,

Check that "System - ARI Extensions" plugin is installed and enabled.

Regards,
ARI Soft
