ARI Data tables fail in IE11

Posted by boblodi - 2014/04/02 13:51

_____

Hi there - ARI Data tables has been working well until IE 11.

this page - http://www.datawatch.com/solutions/solution-center - is not loading in IE11.

it loads the headers for the columns but no data. is there a fix available?

_____

Hello,

Upgrade the module to the latest version.

Regards,
ARI Soft
