
increase the size of search creteria

Posted by eugene - 2014/05/30 18:42

i have three questions

1..how do i increase the size of search creteria to be a bit longer

2..how do i limit the show button to display only two numbers eg instead of (10, 25, 50, 100) should display (10, 20)

2..is it posible to add auto vertical scroll bar?

thanks in advance

Hello,

Do you use "ARI Data Table" widget?

PS: Send your order number by email please.
