Hi,
Please help.

I trying every thing to create a query for one value in my DB.
I have attached the SQL export if that helps.
I have tried the following with not success:

SELECT
gavg_community_fields_values,
FROM
field_id
WHERE
=17

and

SELECT *
FROM gavg_community_fields_values
WHERE field_id = 17

Thanks,
D. Ashley

Hello,

Could you send SQL dump of gavg_community_fields_values table by email and specify what do you want to show?

Regards,
ARI Soft
