
export to excel

Posted by blondie63 - 2014/09/02 16:14

Hi, is there a way to add a button to export data to excel from ARI Data Table ?

=====

Hello,

Set "Choose table type -> ARI Data Table -> Show export buttons" parameter to "Yes" and set "Choose table type -> ARI Data Table -> Show export buttons -> Show 'Excel' button" to "Yes".

Regards,
ARI Soft
