
ari data table format \$columns

Posted by ginatnoy - 2015/01/10 22:41

hi

i want to add _blank to this format

{ \$value } (for landing_page is an column)

you can see it working well at left table on <http://www.ginatnoy.co.il>

Hello,

Use the following code:

{ \$value }

Regards,
ARI Soft
