
SQL Query not save

Posted by ppsantos - 2015/02/05 11:25

Hi

When I modify a SQL Query that was already saved, only the data query, description, name, etc are saved, but modifications in columns settings are not saved

Why?

Thanks

Hello,

Could you provide a temporary access to your J! backend by email so we can investigate the problem?

Regards,
ARI Soft
