## Styling datatable

Posted by codolt - 2015/07/07 06:37

---

Now datatable page size selection looks like that:

Show

rows

So after word "show" and after selection there is breaks. I want it to be in one line. Is it possible?

And how to make this "show...rows" and "search" font style regular not bold?

=====

Hello,

Could you send a link to a page with the table? It can be a problem with site template styles.

Regards,
