
Can CSV sourced tables be searched by Joomla?

Posted by davidsoens - 2015/08/26 19:05

Hello,

Love the extension!

Can the data tables generated from CSV files be searched with Joomla's site-wide search plugin? Looking to build a site with many pages that have CVS sourced data tables and would like to be able to search the entire site, including the data tables.

Thanks,

=====

Hello,

The extension doesn't support this ability.

Regards,
ARI Soft
