
alignment problem

Posted by adolcini - 2016/04/22 19:39

Hello,
I'm using Ari Tables to present a CSV file in a web site, the point is that the CSV file has a field where the data are in new line with "shift + Enter" for example
<http://prnt.sc/avkttm>

or see the word attachement

Thanks
Andrea http://www.ari-soft.com/images/fbfiles/files/Aligment_problem.doc

Hello,

Could you send a sample CSV file by email?

Regards,
ARI Soft
