
date filtering by range

Posted by vital2207 - 2016/05/16 06:22

I want to add filtering table by date range. I created a simple form with two jQuery datepickers. I used the example of SQL query from this thread ,but I got a syntax error. Any ideas how to solve this problem?

```
SELECT
id,
Machine,
DateSostavleniya
FROM
jos_addRabotyAndProstoyMain
WHERE
({$REQUEST:start_date|empty:} " " AND DateSostavleniya >= {$REQUEST:start_date|empty:})
AND
({$REQUEST:end_date|empty:} " " AND DateSostavleniya
```
