
sorting on date not working

Posted by alangrace - 2017/06/21 09:52

Hi

I have a date in format dd/mm/yyyy and select type in the sql query as Date(dd/mm/YYYY0 but the table does not sort on the date. Any idea what I am doing wrong?

Thanks

Hello,

Could you provide a link to a page where the problem occurs and screenshot of data source settings page?

Regards,
ARI Soft

Do you use the latest version of the extension (2.2.37)?

If the latest version is installed on your site and problem occurs could you provide a temporary access to your J! backend by email so we can investigate the problem in more details?

Regards,
ARI Soft
