Data Table not shown in some Cases

Posted by mikescrew - 2018/02/08 14:11

_____

Hello,

I use Ari Data Table with CSV-File, works fine on PC - but only on Googele Chrome.

In IE Edge i see nothing, and Firefox crash, if i take the link bottom.

Iphone and Ipad Link is functional, but show nothing.

What's wrong? Please help, Thank You, Michael

_____

Hello,

Could you provide a link to a page where the problem occurs?

Regards,
ARI Soft

_____

Good Morning,

The Problem is fixed! - I don't know how, but i delete erverything and reinstall it, now workd in every case!

Thank you, best Regards, Michael
