
choice of the table not possible

Posted by doublemetre - 2018/12/11 13:28

Hello, I have several problems:
in the module I can not choose the table see capure.
- no sorting on the columns
- the theme does not apply

Hello,

Could you provide a temporary access to your J! backend by email so we can investigate the problem?

We suppose a javascript error occurs on the page. Probably conflict with a 3rd party extension.
