No Images, just a white box - Joomla 1.6
Posted by lick - 2011/01/14 21:46

_____

Hi,

Im not sure what im doing wrong here but i only get a white box on my site, the module doesnt seem to pull any images??

Screenshot attached.

Can anyone help with this?

Mat

_____

Hello,

Provide link to page where we can see this issue and screenshot(s) of module settings or temporary access to your Joomla! backend by email that we can investigate this issue.

Regards,
ARI Soft

_____

Try now please. You have set incorrect path to image folder. Correct path should be "images/slideshows/home_slideshow" instead of "slideshows/home_slideshow".

Regards,
ARI Soft

Fantastic, sorry it was trivial!

Superb support very quick!!
