Hello,

You use incorrect INI file. It should look like:

20.jpg="This is a bread"
22.jpg="This is a bread"
23.jpg="This is a bread"
24.jpg="This is a bread"

20.jpg="http://www.google.com"
22.jpg="http://www.google.com"
23.jpg="http://www.google.com"
24.jpg="http://www.google.com"

20.jpg="Coffee"
22.jpg="Coffee"
23.jpg="Coffee"
24.jpg="Coffee"

Regards,
ARI Soft
