Deleting Border Around Images

Posted by jayne919 - 2011/06/30 12:13

_____

Hello,

How do I eliminate the border around the images in the slideshow? My images are different sizes and when a smaller image shows up, there is a gray border, much larger than the image around it. Or, is there a way to set it up so that you can show various image sizes?
Thanks so much,

Jayne

_____

Hello,

Could you provide link to page where we can see the slider on your site?

Regards,
ARI Soft

_____

Yes, here it is:

http://macwilldoit.com/index.php?option=com_content&view=article&id=175&Itemid=170

Thanks so much for any help.

_____

Could you provide screenshot where we can see what border you mean? We see images in the slider without borders.

Regards,
ARI Soft

I also want to know where to to completely delete / disable the borders. The site I am doing for my client requires that the borders be removed. Can you please tell me where

_____

Hello,

If you want to remove shadow, use the next CSS rule:

```
DIV.nivoSlider
{
 -moz-box-shadow: 0 0 0;
 -webkit-box-shadow: 0 0 0;
 -o-box-shadow: 0 0 0;
 box-shadow: 0 0 0;
}
```

Regards,
ARI Soft
