
Navigation arrows change colour and transparency

Posted by lilledos - 2011/10/10 00:03

I need to change the looks of the navigation arrows (colour, transparency etc). Please how do i change the specifications of these arrows?

Hello,

If you use "default" theme, see /modules/mod_ariimageslider/mod_ariimageslider/js/themes/default/images/arrows.png file.
