# Multiple slideshows on one page

Posted by rgmcgee - 2011/11/22 19:23

_____

Is it possible to display more than one slideshow within a single Joomla article?  When I try adding a 2nd slideshow, it does not display correctly and does not display the navigation buttons.

Joomla 1.7.3 with ARI Image Slider version 1.6.15.

_____

Hello,

Where we can see described problem?

Regards,
ARI Soft
