_____

Currently, I've installed a 1.5 version of Joomla, so I downloaded a 1.5 ARI Image slider. After I finished the configuration, everything is working fine,except the link that I put on a image is not working?

I don't know whya

The following is my ariimageslider.ini
_____

slider_img1.jpg="PIC1"
slider_img2.jpg="PIC2"
slider_img3.jpg="PIC3"

slider_img1.jpg="http://google.com"

_____

Hello,

Check that INI file is located in folder with images. If it doesn't help, provide a link to a page where we can see a slider please.

Regards,
ARI Soft
