
If you can't get Slider visible

Posted by maxis - 2012/02/04 06:28

I share this because I didn't notice that Menu Assignment have to be done and I became almost desperate..

#####

If you can't get Slider visible, check these:

Module Manager: Module mod_ariimageslider

- Select Position

- Select Menu Assignment > Module Assignment > On all pages

Module Manager: Modules

Module Position Type Pages Access Language

ARI Image Slider image ARI Image Slider All Public All

System: Joomla 2.5

Hello,

This information is not specific for "ARI Image Slider". "Menu Assignment" is common section for all Joomla! modules.

Regards,
