
Image Link target

Posted by weby - 2012/02/07 13:46

Any hint in which file can anyone hack the target for the image links

=====

Hello,

\modules\mod_ariimageslider\mod_ariimageslider\kernel\ImageSlider\class.ImageSlider.php or
\modules\mod_ariimageslider\tmpl\default.php file.

Regards,
ARI Soft

Thanks!!!!

it's around line 301, for anyone else will need this in future
