imageslider block the top menu

Posted by retamoza - 2012/05/14 23:32

_____

when the image of imageslider changes on my site, it blocks the top menu, sub menu "Products". Works well, but changing the image of imageslider. the submenu is under and no longer works.

as I correct this problem?

_____

Hello,

Add the next CSS rule to a site template CSS file:

body #ja-topsl
{
 z-index: 1;
 position: relative;
}

Regards,
ARI Soft
