## Ari slider not working ie9

Posted by pim - 2012/05/19 13:30

---

My site works fine in all browsers except ie9.  
cuts half the picture off and won't slide. :S  
Even works in old ie versions.

[www.steaknight.com.au](http://www.steaknight.com.au)

please help.

Hello,

Set "Height" parameter in module settings to 490

Regards,  
ARI Soft
