Attached :-)

On top Right corner i have my thumbnail.
As you can see as soon as I took my mouse cursor over the small boxes it displays an image above it.I don't want the small boxes to be displayed. I want the Images to be displayed instead of boxes. http://www.ari-soft.com/images/fbfiles/images/Image.jpg

The module doesn't support this ability. It requires custom modification.

_____

Set "Show navigation arrows" and "Show navigation arrows only on mouse over" parameters to "No" in module settings.
