
IE8 on Joomla 3

Posted by svanschu - 2012/10/31 08:44

There seems to be an problem with slideshow. I don't have IE because I'm running Linux. I just got that image send to me. http://www.ari-soft.com/images/fbfiles/images/as_j3.jpg

Hello,

Set correct height in module settings. In your case it is 800

ok I set the height to 496 because I have max-width of 620.

Can you look if it's now correct?
