
Slides navigation position

Posted by svoco - 2012/11/07 10:35

Hello,

I installed this extension and it works perfect. I need one thing to customize. Is it possible to move slides navigation bar (little dots) over the picture (on the bottom of the slider)?

Thanx

Hello,

Add the following CSS rules:

BODY DIV.ari-image-slider-wrapper

```
{  
  margin-bottom: 0;  
}
```

DIV.ari-image-slider-wrapper .nivo-controlNavHolder

```
{  
  bottom: 13px;  
}
```
