
Disable image link

Posted by jjgian - 2013/04/10 07:39

When I click the image it opens in another window.
It's possible to disable this feature?

Another quest:

i have a presentation with 120 images, when open page is very slow to start... it's possible to speed ?

Thank

Hello,

Set "Load method" parameter to "DOM Ready" and "Disable mouse click" parameter to "Yes".

Regards,
ARI Soft
