
Small Images

Posted by Rockyuk - 2013/04/13 17:57

Hi Everyone,

I have just installed this module and when set to responsive layout my images are small not to the size i have set it?

Also does anyone know how to remove the dots under the image scroller?

Thanks

Rockyuk

Hello,

Send a link to a page where we can see the slider and screenshot(s) of module settings by email.

Set "Show slides navigation" parameter to "No" to hide navigation buttons.

Regards,
ARI Soft
