
LEFT and Top border

Posted by rodiusd - 2013/06/26 18:35

using ARI Slider (free). Our slides are 205x205px. However when they are displayed they got a left and top border.

Checked this with firebug but could not find where this came from.

Any ideas?

Hello,

Where we can see the problem?

Regards,
ARI Soft

We can investigate the problem if you send a link to a page where we can see it.

Hello,

this is not yet on a pulic server. Its still sits on my local.

Can we setup a net meetig like webex?

Let know when it is possible to see the problem online. We suppose it can be a problem with site template styles for elements.

Regards,
ARI Soft

Re:LEFT and Top border

Posted by admin - 2013/06/27 10:05

This problem with site template styles. Add the following CSS rule to fix the problem:

```
DIV.ari-image-slider-wrapper DIV.ari-image-slider IMG
{
  margin: 0;
}
```

Regards,
ARI Soft

Re:LEFT and Top border

Posted by rodiusd - 2013/06/27 10:56

Thanks, border is gone now. However found that my images link is not working,

Got the following working on my local server but now it doesn't nothing.

```
sponsor011.png="http://www.bowlingkoekelare.be"
sponsor012.png="http://www.bandenvandaele.be"
```

sponsor013.png="#"

Images with sponsor001.png, sponsor002.png and sponsor003.png names are loaded into the slider, but you use another names in INI file.

You are right. What a stuppid error. Sorry for this.

Could you specify what we could expect more from the payable slider?

Re:LEFT and Top border

Posted by rodusd - 2013/06/27 11:29

Image Slideshow

=====

Re:LEFT and Top border

Posted by admin - 2013/06/27 11:31

"ARI Image Slider" and "ARI Image SlideShow" are two different extensions. "ARI Image SlideShow" can show images from Flickr and Picasa, supports a lot of transition effects (more than 50), but it is not responsive.
