## loadmodule loadposition

Posted by raindrop - 2013/11/30 19:49

---

Hello ive having problems with the above using the position command the txt/command displays on the article but using module command the txt command is not displayed but the slide does not appear. if i assign to a position say 22 it works ok.

Many Thanks

Hello,

What code doesn't work?

Regards,  
ARI Soft
