
Trouble with to big screens and small screens

Posted by Geedi - 2014/01/12 23:39

Hi im working on a project for a friend of mine. I have trouble with the slider responsivnes on to big screens some of the pictures are bigger then the other. And all the pictures in the slider have the same height and width even the sliders height and with is the same as the pictures and on small screen like tabs the screen is to long. Help

Hello,

Where we can see the problem?

Regards,
