
Remove Shadow

Posted by Brienois - 2014/03/20 08:58

I would remove the shadow around the slideshow.

How?

Many thanks

Thank you for this very fast answer!

But I despite any other problem

When I add this style in the parameters settings, it disappears when saving!

This is it a wrong setting of JCE (Text Editor)?

Many thanks

Do you use the latest version of the extension (2.1.9)?
