# number of slices

Posted by poidomani - 2014/04/12 18:19

_____

why after "Number of slices=3" the slider do not stop? thanks!

_____

Hello,

Where we can see the problem?

Regards,
ARI Soft

_____

I do not understand the interaction between "Endless auto scrolling" and "Number of slices"

_____

These parameters are used for different purpose. "Number of slices" are user by some transition effects to specify on how many slices an image will be divided.

Set "Endless auto scrolling" parameter to "Yes" if you want to stop the slider when it reaches the last slide.
